## VINEYARD COLLECTION

Our *Vineyard Collection* takes its name from Martha's Vineyard – just across the waters from the quaint island of Nantucket. With unique and distressed colored finishes and decorative details reminiscent of New England's islands, this collection is reflective of these artist colonies. These fireclay sinks encompass the delightful variations of oceanic hues, sandy beaches and rolling farmlands. Like the famed summer gingerbread cottages with all their intricacies, these beautiful fixtures will mesmerize you with their charms.

### Before You Buy...

Understand that you will be investing in a unique piece of art. Every sink is hand finished by Italian craftsmen. As a result, no two sinks are exactly alike.

At *Nantucket Sinks*®, we offer a few *Shabby-Chic creative finishes* depending on your personal flavor.

Shabby is like a painted barn wood board, weathered by the elements, that has lost it's coat in all the right places. (*Shabby Green, Shabby Straw, and Shabby Sugar - Shown above*)

Concrete mimics the shadows and hues of stained concrete. The moist look of the shadows of this hand applied finish give that freshly made look. Never needs sealing and is fired dry at over 2000 degrees. Matte Black is timeless and classic. (*Shown above*)
